

There is nothing to do with politics, and says that all the vote in Manhattan is in the hands of the Tammany machine, and that the Tammany machine is the only one that can be trusted.

At the last municipal election, the Tammany machine was carried by the vote of the Tammany machine, and the Tammany machine is the only one that can be trusted.

It is said for me when I got started on him to get away from me. I am not a Tammany man, and I am not a Tammany man.

He says that bonds of the city have sold low and blames it on Tammany. It is true they are down slightly, but to me it seems that it is due to the same old conditions in the financial world that have put our securities down.

Then we must not let the lie about the Tammany machine go. They have not done it. They have done it. They have done it.

When we get away from an individual or a gang we get away from the Tammany machine. We get away from the Tammany machine.

When we get away from an individual or a gang we get away from the Tammany machine. We get away from the Tammany machine.

FIGHTS THE WHOLE TICKET.

McLAUGHLIN NOW AGAINST McLELLAN AS WELL AS GROUT.

Word Passed to the Old Boss's Friends to Show No Mercy to the Tammany Machine—Great Interest in the Meeting in the Academy of Music.

Political developments in Brooklyn yesterday indicated that the revolt led by Hugh McLaughlin against the Democratic ticket was steadily gaining strength and threatened to upset all prospects of the result at the polls, next Tuesday, based on the vote of the two great rival parties in previous elections.

Senator Patrick H. McCarren, since he got control of the machinery of the organization, a week or so ago, has not only been contending against the Republican hosts under the direction of Timothy L. Woodruff, the Citizens' Union and other allied fusion forces, but also includes among his most potent political foes the Tammany machine, which for nearly two generations has fought under the McLaughlin standard.

Mr. McLaughlin is now virtually in opposition to the entire Tammany ticket, McCarren as well as GROUT and FORT, and according to directions from the election room, his followers are to give it no quarter at the polls.

Just how far Mr. McLaughlin's influence goes in his first fight against the candidates of his party will not be fully known until the vote is counted, but some estimate of it will be obtained to-night at the demonstration in the Academy of Music, at which Martin W. Littleton is to present Mr. McLaughlin's side in his controversy with Mayor Charles F. Murphy of Tammany.

The last speech of the night will be made at Prospect Hall in South Brooklyn, addressing some 3,000 persons. The name of GROUT was hissed repeatedly at this meeting, which was in the heart of Michael J. Coffey's district.

LOW ON TAMMANY BLACKMAIL.

Talk Opposite the Caged Tiger in the Acorn Headquarters.

When Mayor Low spoke yesterday at the noonday meeting of the Acorns, "Charley Croker," the tiger, was pacing his cage opposite. Mr. Low began by saying to the crowd:

"I infer from your enthusiasm that you have no idea of letting the tiger out, or, perhaps, as I might better put it, you have no intention of letting him in. The last time I spoke to you I remember Mark Twain was on the platform beside me, and that he was Tammany to a banana, good at one end and bad at the other. But, he said, the trouble with that kind of fruit was that it was the decayed end and not the good end that spread. In all that we have heard in this campaign there has been nothing to show that the decay will not spread, and that should Tammany come back to power it will not go back to its old practices."

Mr. Low went on to say that the kind of government his administration had tried to give to New York was a government of law and not a government of which Tammany was a part, and which was a government for money, like Tammany. "It is significant," he added, "that the corporations are trying to establish the old conditions of things. The corporations would rather deal with a government where money talks than with a government of law. We have tried to deal rightly with the corporations, but at the same time we have made them pay for the privileges which they get from the city. Such a return from the corporations could not be had if you restore to office such an organization as Tammany Hall, whose sacred duty is to benefit itself by using the power of government to extort money."

HANNA AND HERRICK.

60,000 to 100,000 Republican Plurality in Ohio, Says Col. Prentiss.

Col. H. H. Prentiss, formerly of the staff of Gov. Asa S. Bushnell of Ohio, pronounced the Fifth Avenue Hotel last night from Columbus. The Colonel always praises Hanna and Herrick, and he was no exception in Ohio. Col. Prentiss said:

"I have just come from our blooming fine State, and the two H's are to win. Hanna and Herrick—Herrick for Governor and Hanna for Lieutenant Governor. The two H's out my way are regarded as pretty nice people, and they will win by 60,000 or 100,000 plurality. Last year the Republicans carried Ohio by a landslide, and sometimes I think that they might carry it this year by 100,000."

"Brother McLean of the Cincinnati Enquirer," continuing Col. Prentiss' remarks, said to be a pretty good Republican this year. Anyway, he does not appear to give Brother Tom Johnson much of a lift."

It was ascertained that Senator Hanna, chairman of the Republican national committee, has been a little averse for some time to any announcement that he might not continue in his place, but it was stated last night that his concern of Senator Hanna in this matter was for Ohio campaign purposes only.

SURE BERRY'LL WIN OUT.

The Seneca Club Has Quipped—Then He's Losing His Temper.

Coroner Joseph L. Berry's friends, who were almost confident that he would beat Louis F. Haffen for Borough President of the Bronx, are confident now that Berry will win with the greatest ease. Their reason for thinking so is that the Seneca Club at 143rd street and Third avenue, which has always been a strong Tammany organization, held a meeting last night and decided to support Berry and the whole fusion ticket.

The Seneca Club has 600 members, and their action threw a bombshell into the Haffen camp.

Haffen's supporters are also very sore at the treatment the Bronx Times received while attempting to speak late on Tuesday night at the district meeting at Loebler's Hall, 148th street and Williams avenue. When he had got well started somebody shouted for "these chums for Joseph L. Berry." They were given with a will.

Haffen threatened to have the police put the enthusiastic Berryites out, but the shouts for Berry continued. When Haffen threatened again to have the police act somebody shouted:

"Sit down, Ben Dwyer!"

This created a great uproar. Haffen said only a few more words and got out as quickly as possible.

Plaza Republican Club Meeting.

Senator Ellinger will preside at the meeting of the Plaza Republican Club, under the auspices of the Plaza Republican Club, District Attorney Jerome, and all the candidates, including Mayor Low, will speak.

Against the Republican charge that the Tammany machine had given a pledge of economy by nominating me, I wish to say that I am not a Tammany man, and I am not a Tammany man.

I refer to my record on fighting the Acorn Board, the City Record and the Fire Commissioner. I am not a Tammany man, and I am not a Tammany man.

If you don't recognize the importance of this election with relation to the city and the election of the next President, you must recognize its importance with relation to the city and the election of the next President.

Before long the city will be obliged to pay 50 per cent. of the State's expenses, whereas at present it only pays 70 per cent. You will never get the slightest improvement in the scheme of Benjamin B. French from Seth Low.

Candidate McCarren came in with John J. Delany. There was no call for the author, but Delany frequently applauded what McCarren said from his typewritten manuscript.

Mr. McCarren began by calling attention to the condition of the streets of the city and then made this promise:

I promise if I am elected Mayor that Broadway, the principal thoroughfare in the city, shall not only be kept in the best condition of life and so detrimental to business interests, and that any extension of the subway improvements, which may have been carried out in a manner which will not injure public or private interests along that thoroughfare, shall be carried out in a manner which will not injure public or private interests along that thoroughfare.

Answering Mr. Jerome's challenge to him to name a man of the type of Gen. George B. McClellan, Col. McCarren said:

Under no circumstances shall I appoint Mr. George B. McClellan for any position of honor or trust. I am not a Tammany man, and I am not a Tammany man.

He has been charged by Mr. Wanamaker's committee, where you will find the principles of the party set forth. Any suggestion as to the way in which the campaign might be best conducted in your locality would be welcome, and I would be glad to hear from you at any time.

JOHN J. DELANY, Chairman.

TAMMANY GETS IN SOMEWHERE.

He Had to Get in Somewhere and Devery Kicked at a Bill for \$800.

Sigmund Schwartz, president of the East Side Postoffice, Devery organization, and Devery, announced yesterday that he had thrown up the leadership and joined Tammany Hall, and had also brought suit for \$50 against Devery for an unpaid printing bill.

"When I get the leadership," said Schwartz yesterday, "Devery shake me by the hands and say that some day I will be an Alderman. What about expense? I ask him."

"Go ahead, and don't spare the expense," he said. "Then I will be an Alderman. What about expense? I ask him."

It says that Devery has always protected the pushcart men from graft, and if Tammany get back they will all have to give up their pushcarts.

"Plenty of it, me boy, when the time comes," he said.

"I get to be close to election, and I have to get in somewhere. Then I go to him and want the \$80 for the printing bill, and he says, 'Forget it, forget it, who told you to put my name in foreign type? Some of those circulars get down in the Gasheuse district and you are never going to put my face there. Why? Low votes."

"Then," continued Schwartz, "I throw up the job and fall into Florio Sullivan's arms."

Dulberger, the Devery candidate for Assembly, will succeed Schwartz. Dulberger was forced off the official ballot, but he is running just the same. He hopes to get people to write his name on the ballot.

SODA ON COL. SMALLEY.

It's Risky Conjecturing What a Democrat Will Do Sometimes.

Col. Bradley B. Smalley of Vermont, Democratic national committeeman for the Green Mountain State in Cleveland's time, the friend of Gorman and Whitney when those two enterprising gentlemen conducted the campaign for Cleveland in 1884, the friend of Calvin S. Biles in 1888 and the friend of Whitney in 1892, was at the Fifth Avenue Hotel last night and said a few words intended to be of interest at this time.

Col. Smalley said:

"For the life of me I cannot understand how my dear friend Peter B. Olney and my dear friend Charles S. Fairchild, who were associated with me in so many Democratic campaigns, can take the stand that they have in the present campaign. I am a Democrat, and I am very glad to believe that they regard me with some sort of estimation, yet, on the other hand, they are in the hands of Mr. Olney and Mr. Fairchild and their friends stand out and oppose a Democratic city ticket."

"I know, gentlemen," said one of the group surrounding Mr. Smalley, "who has always been considered a very close Democrat, and he has been in the hands of Mr. Olney and Mr. Fairchild, who were associated with me in so many Democratic campaigns, can take the stand that they have in the present campaign. I am a Democrat, and I am very glad to believe that they regard me with some sort of estimation, yet, on the other hand, they are in the hands of Mr. Olney and Mr. Fairchild and their friends stand out and oppose a Democratic city ticket."

McLELLAN ATTACKS GREENE,

AND PROMISES TO OPPOSE THE DITCHING OF BROADWAY.

Says He'd Name No Man of Gen. Greene's Type to Police Commissioner's Position.

George B. McClellan, the politician, told an audience in Carnegie Hall last night that he wouldn't have Commissioner Greene or any man like him as his Police Commissioner if he is elected. At the reference to Greene somebody in the gallery yelled, "Fire him out." The Tammany candidate for Mayor also declared that he wouldn't allow Broadway to be ditched. That also seemed to tickle the crowd.

It was a meeting of "Independent Democrats of the City of New York," and William Hepburn Russell seemed to be the only person responsible for it. The crowd comfortably filled the floor seats, the boxes and the galleries.

On paper there was as noble a list of vice-presidents as any political meeting ever had, but not one of the distinguished Democrats whose names were on the printed list came to sit on the platform with Hep.

Another hitch was the accidental snubbing of Charles V. Fornes by Hugh R. Garden, Hep's chairman. Fornes was scheduled to speak before Elliot Danforth, but Danforth was called first. Fornes got up and left the hall without even saying good-night.

Danforth and Charles A. Towne were obliged to deliver their speeches in sections because the candidates kept butting in, in a hurry to say their say and get away.

Edward M. GROUT was the first of the candidates to arrive and get a chance to speak. He was hailed by a voice in the gallery as "Our next Governor."

Mr. GROUT, who regretted that he couldn't be more modest, had this to say of himself:

Against the Republican charge that the Tammany machine had given a pledge of economy by nominating me, I wish to say that I am not a Tammany man, and I am not a Tammany man.

I refer to my record on fighting the Acorn Board, the City Record and the Fire Commissioner. I am not a Tammany man, and I am not a Tammany man.
